

WIPES

PREvail®

Deliberately Different.

Prevail™ Disinfectant Wipes clean by removing tough soils such as dirt, grime, mold, mildew, blood, urine, and fecal matter. Prevail™ disinfectant wipes reduce odor-causing bacteria leaving surfaces smelling clean and fresh.

Its non-abrasive formula is designed for use on hard, non-porous surfaces associated with non-food contact countertops, cages, kennels and animal equipment and devices found in animal housing facilities.

Animal Premise Disinfectant Cleaner & Deodorizer Wipes formulated with AHP®

Faster Effective against a broad spectrum of pathogens in only 3 minutes, including Canine parvovirus

Cleaner One-Step Disinfectant Cleaners with powerful surfactants (detergents) simplifying sanitation of animal environments saving time and money

Responsible Prevail™ is essentially non-toxic* and non-irritating, does not require the use of PPE

Sustainable Hydrogen peroxide breaks down into water and oxygen

Compatible Designed to be compatible with a wide range of materials, protecting your assets

Prevail™ Wipes non-woven, meltblown polypropylene wipe material ensures even surface coverage and wettability (metered solution release). The substrate enhances the superior cleaning properties of AHP with micro meltblown fibres, increasing their ability and efficiency for soil removal. The use of Prevail™ Wipes and AHP® Wall Brackets increase compliance by providing easy access to surface disinfectant wipes when you need it most!

CLEANING, DISINFECTION AND DEODORIZING OF EQUIPMENT AND NON-POROUS HARD SURFACES

- Pre-clean heavily soiled areas.
- Apply directly onto surface until thoroughly wet.
- Ensure surface remains wet for 3 minutes.

* Lowest WHMIS toxicity category for all 3 criteria: oral, dermal and inhalation

** Refer to reference sheet for additional claims and use instructions
